

Formation of Calcium Carbonate at Hell Gap

Krista Evans

EPSCoR

Introduction

Location

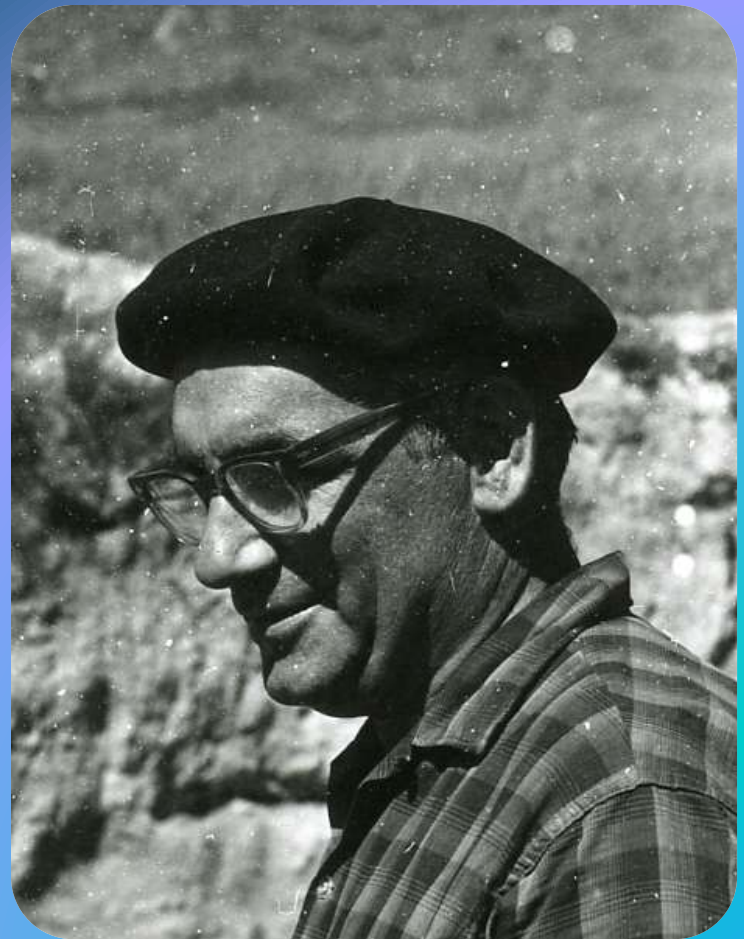

Background

Discovery of the Site

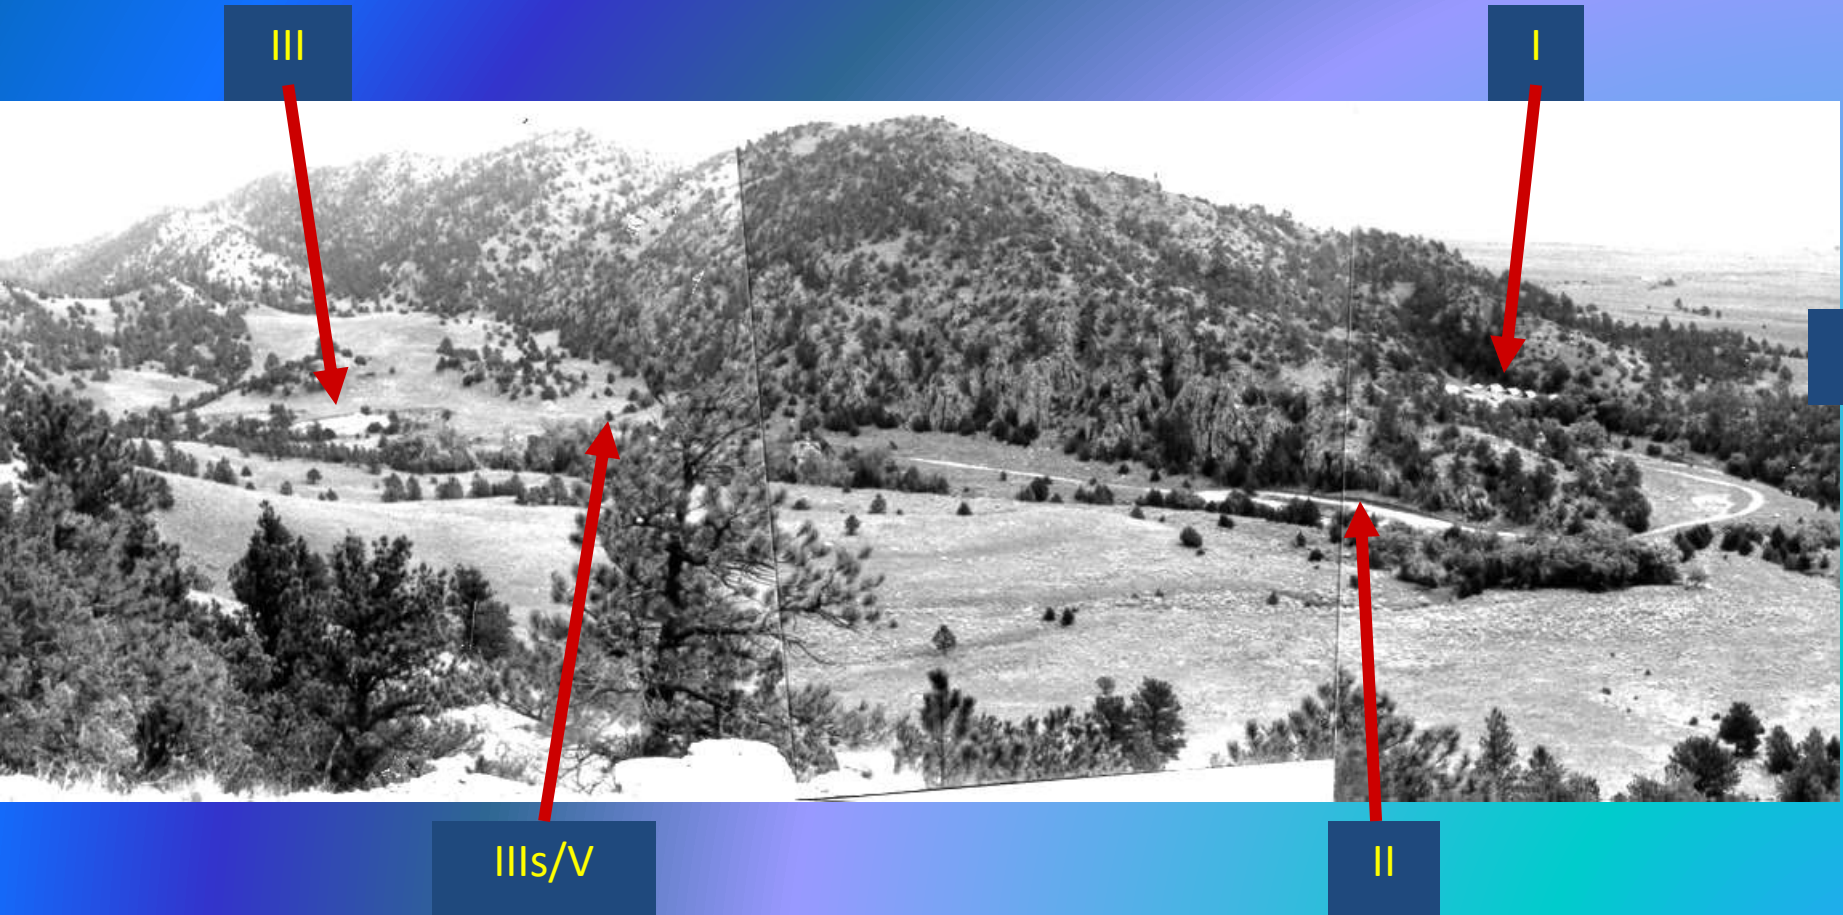

James Duguid

George Agogino

Background

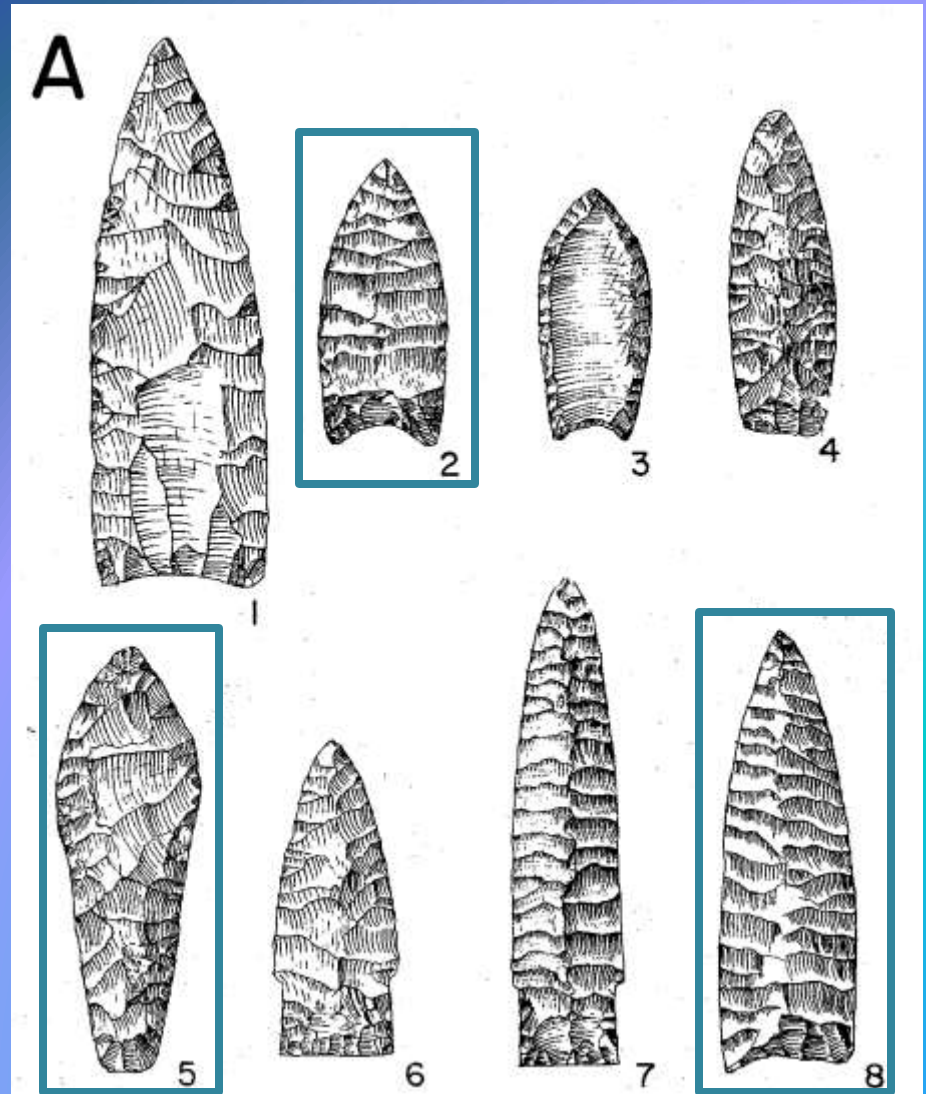

1990's Investigations

Background

1960's Investigations

1. Clovis
2. Goshen
3. Folsom
4. Agate Basin
5. Hell Gap
6. Alberta
7. Eden
8. Frederick

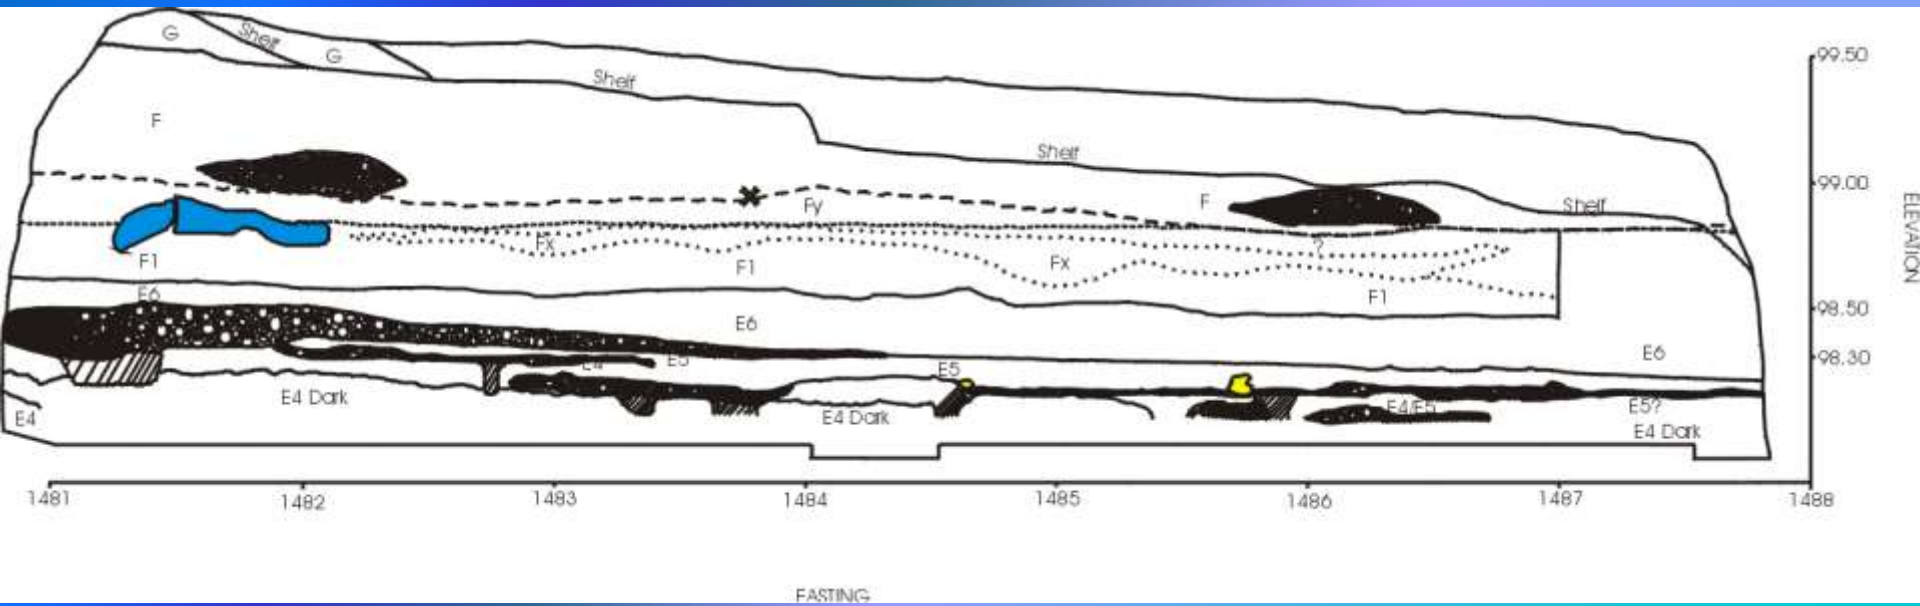

Current Excavations

- Site and valley stratigraphy and geochronology
- Focus on paleoenvironment,
- Natural and cultural formation processes

2011 Excavations

Current Profile

Previous Studies

- Richard Reider
 - Groundwater
- Chris Miller and Paul Goldberg
 - Pedogenesis

Excavating

Sampling

Research

- Thin Sections
- X-Ray Fractionation
