

STATE OF WYOMING ms-3  
 Temperature Gradients During Electrical Logging Conditions  
 For Wells Over 10,000

**13** measured gradient - degrees F/1,000 feet  
 contour interval - 2 degrees F/1,000 feet  
 Scale = 1:1,000,000

■ Area of Precambrian rock

Data compiled and interpreted by  
 Brent Hale, Dept. of Petroleum Engineering
